

360° Rotatable HDTV Antenna with Remote Control

*Never come to the house roof to fix the antenna again!*

MAY 2011

**Bravo!** Our 360 degree rotatable HDTV antenna will change the way of your living habit. You can just fine tune the HD signal reception right in front of your TV! With the remote control in hand, you can readily change the pointing directions of the TV antenna to find the best reception.

This innovative HDTV antennas are now available at [www.JACCHK.com](http://www.JACCHK.com)
